Acknowledgements

This FY2010 Statistical series was prepared by the Graduate School USA, Pacific Islands Training Initiative, Honolulu, Hawaii, under a contract from the United States Department of the Interior, Office of Insular Affairs.

The Graduate School team for the FSM comprised:

- Glenn McKinlay
- Dr. Richard Sturton

The Graduate School would like to thank the following agencies for the assistance provided:

- Staff of the FSM National Government, especially the Statistics Division within the Office of Statistics, Budget and Economic Management, Overseas Development Assistance & Compact Management (SBOC)
- Staff of Kosrae, Pohnpei, Chuuk and Yap State Governments
- The many respondents to data requests, in both the public and private sector

Statistical tables were prepared as best possible at time of compilation.

A full FSM Economic Review, as well as digital copies of this Statistical Appendix in both Adobe Acrobat PDF and Microsoft Excel XLS formats, is available online at <http://econ.pitiviti.org>.

Additional inquiries may be directed to:

1) GDP, GNI and GNDI are at purchasers prices.

2) Refer to Balance of Payments tables for breakdown of primary and secondary Income flows

3) Changes in the terms of trade. Not currently estimated.

4) Primary, Secondary income and capital grants are deflated by an equal weighting of the RMI CPI and the RMI GDP implicit price deflator, as a proxy for the Gross Domestic Expenditure deflator.

5) Income comparisons between countries should be made at Purchasing Power Parity (PPP) rather than US\$. However, these measures are currently not available for the FSM

6) 2000 and 2010 FSM Census and estimates by Graduate School consultants.

1 1981-1994 are old EMPAT estimates, linked via the average figures for 1995-1996. Details of the old estimates are available on request.

2 Constant price GDP is in 2000 prices. U.S. CPI used as deflator for 1981-1997

3 Estimates by Graduate School consultants. To be revised when 2010 Census results become available.

Source: FSM Customs PC Trade system and Statistical Estimates

Notes: A new Customs declaration system was implemented during 2003

Data prior to FY2003 was compiled by Division of Statistics from information held on Customs files

FY2004 excludes an unknown value of imports into Yap during an emergency period following Cyclone Sudal

FY2005 includes a \$9 million estimate to cover data missing due to computer crash in Pohnpei State

FY2009 includes a \$2.3 million estimate to cover data missing due to computer crash in Pohnpei State

FY2010 includes a \$20.0 million estimate to cover data missing due to computer crash in Chuuk State

Some CIF values for Fuel are estimated as volume multiplied by estimated unit price

Figures do not include estimates for underreporting by importers, or overseas provisioning by FSM vessels
