- Who CARES? Single Audit and Reporting Implications of the CARES Act and Other Federal Grants for COVID, 7/20/2021

Template for Participant Report-Outs

As a reminder, please be prepared to answer the following questions for your assigned sessions as part of your post-GFOA report out.

1. **Set the Stage:** What was the subject? Who presented? What were their backgrounds?
2. **Summarize Content:** What were the key take-aways? Can IGFOA members apply any take-aways when they return home? What's needed to implement?
3. **Conclude:** What's the single best suggestion from the session? Should the topic be addressed in future IGFOA sessions?
